President's Message

Thanks Aleister White from Aleister's Aquatic Nursery giving us a talk on shrimp, plants, food, and business. This month we have another great speaker one who has gave us a great program before. Let's welcome back Peter George as he educates us on How to Setup a Community West African Cichlid tank with Tetras and Catfish. Let's come out and show him some support!!

Please mark your calendar's for our auction coming up this fall we need a lot of help from the members as we will be holding our first club auction on October 12th in the gym, more information to follow. There will be no meeting on October due to the auction.

Don't forget, breeding fish? Why not participate in the BAP program and have a chance to spread your fry around and give other members a chance to raise and breed them too. Oh and did I mention you can win some awards as well?

In closing I would like to thank the members that have joined so far and the members. Without the members there is no fish club.
